Our inventory is intended only as a baseline and should never be considered 'accurate'.			
It is a moving target that changes daily.			
Shrubs and perennials are physically counted 2-3 times per year.			
Trees are sized and counted once per year.			
Material collected and allocated to projects IS included in plant counts.			
That means NOT everything listed is available for purchase.			
Use caution when you see low quantities. These plants usually no longer exist or are poor quality.
